MULTI-SPECIES

25-lb pail

Final Drive™:

A high-protein supplement for all species of show livestock. Final Drive™ contains multiple high-quality plant and animal protein sources along with highly bio-available trace minerals, vitamins, and show bloom!™. Final Drive comes in a very palatable pellet form for easy mixing. Final Drive contains no added copper and can be fed to sheep. Feed Final Drive to animals daily to help:

- Support overall health and performance
- Support muscle development and expression
- Achieve a leaner appearance
- Maintain weight gain when limit feeding

Directions for Use:

Swine.....	½-2 lb/hd/day
Goat.....	½-1 lb/hd/day
Sheep	½-1 lb/hd/day
Cattle	1-3 lb/hd/day

Feed at the above rate along with a daily ration.

Guaranteed Analysis

25-lb pail

OMEGABLUME®:

A pelleted, cherry-flavored, low-starch (13.5%), high-fat (20%) condition supplement for maintaining or increasing body condition, appearance, and bloom. OMEGABLUME® does not contain added copper and can be fed to sheep. OMEGABLUME provides a source of omega-3 fatty acids derived from flaxseed.

OMEGABLUME® also contains:

- **Complexed Trace Minerals** - for improved bio-availability of important nutrients
- **Yeast Sources** - to promote intestinal health and feed utilization
- **Added Vitamins** - to support protein metabolism and overall good health

Directions for Use:

Cattle.....	½-3 lb/hd/day
Swine.....	2-4 lb/hd/day
Sheep.....	¼-½ lb/hd/day
Goats.....	½ lb/hd/day
Horses.....	1-3 lb/hd/day
Rabbits.....	½ tsp – ½ Tbsp/hd/day

Feed at the above rate along with a daily ration.

Guaranteed Analysis

50-lb bag 40-lb pail

show bloom!™:

A unique, highly nutritional, 30% protein supplement and conditioner for livestock. It provides pure, high-potency brewer's yeast in a palatable pellet form. The use of show bloom!™ can produce outstanding hair growth that is healthy and shiny and promotes healthy skin and hoof condition. show bloom!™ may increase feed intake and improve feed utilization.

Directions for Use:

For beef & dairy	8 oz/hd/day (2 cups)*
For horses.....	8 oz/hd/day (2 cups)*
For swine	4 oz/hd/day (1 cup)*
For sheep & goats	3 oz/hd/day
For rabbits & small livestock	1 oz/hd/day

*One cup = 4 oz

show bloom! is a trademark of F. L. Emmert

Feed at the above rate along with a daily ration.

20-4 oz. packets

Fitter's Formula™:

A high-powered electrolyte product fortified with dextrose, potassium, B vitamins, and a source of live (viable) naturally occurring microorganisms. Use Fitters Formula™ before, during, and after the show to revitalize hydration or when a fresher, fuller appearance is needed.

- **Orange Flavoring** - highly palatable
- **Dextrose and Maltodextrin** - high-quality energy source
- **Naturally Occurring Microorganisms** - for improved intestinal health and digestion
- **B Vitamins** - also known as "appetite vitamins"

Feeding Directions

For best results, mix 4 ounces of Fitters Formula™ with 1 quart of water and replenish animals as needed. Fitters Formula can be fed to cattle, swine, sheep, goats, and horses.

HIGH FAT AND ENERGY

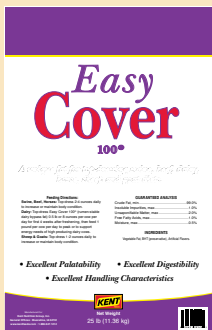

50-lb bag

COVER-ALL™:

An 80% animal fat supplement for increasing body condition in swine, beef and dairy cattle, sheep and goats.

Directions for Use:

Swine.....	2-4 oz/hd/day
Beef Cattle.....	8-10 oz/hd/day
Dairy Cattle.....	8-16 oz/hd/day
Sheep & Goats.....	1-2 oz/hd/day

25-lb bag

Easy Cover 100®:

A unique 100% prilled fat top dress. It has excellent handling and mixing characteristics; it does not cake up or clump. Easy Cover 100® is a vegetable-based fat with a pleasing aroma and excellent palatability.

Directions for Use:

Swine, Beef, Horses	2-4 oz/hd/day
Dairy Cattle	½-1 lb/hd/day*
Sheep & Goats	1-2 oz/hd/day

* Depending on stage of production

Gold-Cote™:

A 50/50 food grade corn/soy oil with cherry flavor and aroma. Use Gold-Cote™ when mixing show rations for all species or when added energy is needed. Gold-Cote provides a wet appearance to texturized feeds and also helps minimize dust when used at a rate of 20 to 60 pounds per ton.

SWINE SPECIFIC

25-lb pail

Hang Time®:

A high-protein maintenance feed for show pigs to help preserve muscle shape and volume when a limited diet is being fed. Hang Time® can also be fed as a “fat burner” to help define and tone muscle appearance prior to showing.

Features and Benefits:

- **High Protein Formula** - to provide essential nutrients when limit feeding
- **Superior Amino Acid Profile** - helps maintain muscle volume and shape
- **Complexed Trace Minerals** - for increased nutrient availability
- **Added Potassium Chloride** - provides a source of electrolytes
- **Contains showbloom!™** - a source of dried brewers yeast to promote intestinal health and feed utilization

Directions for Use:

Feed 1 to 3 lb/hd/day along with oat groats or feed of choice. For best results, mix Hang Time® with water to form a gruel.

Guaranteed Analysis

Crude Protein, min.30.0%	Zinc (Zn), min200 ppm
Lysine, min2.3%	Vitamin A, min.	5,290 IU/lb
Crude Fat, min4.4%	Vitamin D ₃ , min	700 IU/lb

25-lb pail

Overdrive® PL450:

Paylean® supplement for pigs weighing not less than 150 lb fed a complete diet as shown below.

Features and Benefits:

- **Complexed Trace Minerals** - for improved bio-availability of important nutrients for optimum health and performance
- **Potassium Chloride** - a source of electrolytes
- **Added Biotin** - to help support hoof integrity

Mixing Directions

Finishing Diets Batch Size, lb	Daily Ration			
	6.25	6.25	6.25	6.25
Corn, lb	4.29	-----	4.29	-----
Show Pig Supplement, lb	1.84	-----	1.84	-----
Overdrive® PL450	2 oz	2 oz	1 oz	1 oz
Prime Time, lb	-----	6.125	-----	6.188
Crude Protein, %	18	18	18	18
Paylean®, g/ton	9	9	4.5	4.5

Feeding Directions

Feed the above diet as the sole ration to swine with superior genetics which are capable of maximizing lean tissue deposition. These amino acid-fortified diets are designed specifically for pigs raised in confinement under excellent management.

Active Drug Ingredient

Ractopamine hydrochloride 450 grams/ton

Important: Must be thoroughly mixed into the feed before use.

Guaranteed Analysis

Crude Protein, min.	41.0%	Selenium (Se), min	0.9 ppm
Lysine, min	4.4%	Zinc (Zn), min	400 ppm
Crude Fat, min	3.2%	Vitamin A, min	15,950 IU/lb
