

25 lb bag

First Rate® Easy Cover 100™

First Rate Easy Cover 100 is a unique dry fat for top-dressing swine, beef, dairy, horse, sheep and goat diets. It will maintain or increase body condition depending on the feeding rate because of its high fat level. This product has excellent palatability, digestibility and handling characteristics and is targeted to livestock show projects.

- 1. Excellent handling characteristics for top-dressing.**
- 2. Excellent digestibility by all species of livestock.**
- 3. Excellent palatability by all species of livestock.**

Feeding Directions

Swine, Beef Horses: Top-dress 2-4 ounces daily to increase or maintain body condition.

Dairy: Top-dress First Rate Easy Cover 100 (rumen-stable dairy bypass fat) 0.5 lb or 8 ounces per day for first 4 weeks after freshening per cow, then feed 1 lb per cow per day to peak or to support energy needs of high producing dairy cows.

Sheep & Goats: Top-dress 1-2 ounces daily to increase or maintain body condition.
