

Hang Time™

25 lb pail

SHOW

A holding feed specifically designed for show pigs to maintain weight and muscle mass. It can also be fed to help achieve more top shape and muscle expression prior to showing.

- 1. Superior amino acid profile helps maintain muscle volume and shape.**
- 2. Complexed trace minerals for increased nutrient availability.**
- 3. Potassium chloride provides a source of electrolytes.**
- 4. show bloom!™, a source of dried brewers yeast to promote intestinal health and feed utilization.**

Guaranteed Analysis

Crude Protein, min 30.0%	Zinc, min 200 ppm
Lysine, min 2.30%	Vitamin A, min 5,290 IU/lb
Crude Fat, min 4.40%	Vitamin D, min 700 IU/lb
Crude Fiber, max 6.00%	Vitamin E, min 30 IU/lb
Calcium, min 0.90%	Menadione, min 2 mg/lb
Calcium, max 1.40%	Riboflavin, min 4.2 mg/lb
Phosphorus, min 0.95%	Niacin, min 26 mg/lb
Salt, min 0.30%	d-Pantothenic Acid, min	..25 mg/lb
Salt, max 0.80%	Vitamin B12, min 0.016 mg/lb
Selenium, min 0.3 ppm	Biotin, min 0.09 mg/lb

Feeding Directions

Feed 3 - 5 lb/hd/day to maintain body weight and muscle expression. Best used if mixed with water to form gruel.
